NOTICE TO REGISTRARS

Answer to Question Number 12 On Registration Card Necessitates Change in Instructions.

The following communication has been received by Sheriff John F. Dowden, from Jefferson City and contains the instructions to registrars concerning question Number 12 on the registration card:

"The fact that it has been ruled that the answer to question No. 12 on registration cards is not obligatory, makes necessary a change in the manner of filling columns 4 and 11 of the registrar's summarization blank. Make the following changes in your registration regulations:

"Strike out the second sentence of the paragraph at the top of page 22 headed column 4, and substitute the following:

"Deal out all the cards on which the answer to question 12 indicates a claim of exemption on any ground.

"Then substitute for the words, 'occupational exemption,' in the last two lines of page 21 the following words: 'physical disability.'

"Change the headings of column 4 and 11 on the summarization blank, form 2, to read as follows: 'Possible exemption not indicated in columns 1, 2 and 3.'

"See that these changes are communicated to registrars before registration day."

TRAINS CAN'T RUN

BURLINGTON DISCONTINUES SERVICE BECAUSE OF WASHOUTS.

THE RAIN WAS GENERAL

Wabash Fares Better and Will Continue Trains Unless Water Goes Higher.

Train service on the Burlington today has been abandoned on account of the many washouts on the railroad between Rosendale and Conway. The noon Burlington train got as far as Rosendale this morning. The freight due here at noon from the north got as far as Hopkins.

W. E. Goforth, agent of the Burlington, said there would probably be no trains on the Burlington tomorrow. Mr. Goforth has received reports from other stations as to the track conditions. At Conway, the track is washed out and a bridge was moved out of line by the water. Four hundred feet of track was washed out between Pickering and Hopkins and there are also two places between Maryville and Pickering where the track is covered with water. From Maryville to Arkoe about two miles south of here, the water is running over the track, and also between Arkoe and Barnard. Between Bolckow and Rosendale the same track that was washed out Saturday morning was washed away.

Two work trains and 100 cars of cinders are in use today in restoring the tracks. A very heavy rain was reported around Hopkins and Pickering.

The new drainage ditch with the river is causing a great deal of overflow at Arkoe.

The rain was general from Creston to St. Joseph and as far east as Pattonsburg.

The Wabash trains are running a little late. A little water is over the track east of the 102 river bridge but passenger train No. 12 passed through. The Grand river at Pattonsburg is out and is doing considerable damage in that section.

Reports from the stations on the Wabash were that their trains would not have to be discontinued unless there was a greater rise of water.

THE GERMAN SPY SYSTEM

Arrest of Three Men May Reveal How Departure of American Fleet Was Known to Berlin.

Special to The Democrat-Forum.

New York, June 4.—Disclosures revealing the whole German spy organization in the United States may follow the arraignment today of three men arrested yesterday, who were purported to be federal agents.

A great mystery surrounds the three men, and whether the arrests will result in investigations to determine how Germany secured information regarding the departure of the American fleet, the officials refuse to say.

Mrs. Roy Collins and baby son left Saturday afternoon for their home in Springfield.

ADVISES GRADUATES

"MAKE YOURSELF MASTER OF CIRCUMSTANCE," SAYS MR. HOLLIDAY

A CHANGE IN PROGRAM

President Richardson Announces "Get Acquainted" Tea for This Afternoon—Crowd Hears Sermon.

"Don't think yourself the victim of circumstance, but make yourself the master of circumstance," was the advice given to the graduating class of the State Normal school yesterday afternoon by the Rev. R. C. Holliday, who preached the baccalaureate sermon. A large crowd attended the exercises.

The invocation was made by the Rev. C. Emerson Miller, pastor of the First Christian church. The Rev. T. H. Wiles, pastor of the First Baptist church, gave the Scripture reading, and Dr. S. A. Coile, pastor of the First Presbyterian church, pronounced the benediction.

A women's chorus, under the direction of Prof. H. B. Schuler, furnished the music.

The Rev. Mr. Holliday urged the graduates to endeavor to possess and make a part of themselves all of the great and beautiful things of life by reason of the fact that they claimed brotherhood with Christ.

"Pagan literature was the greatest example of the realization of this command of St. Paul's," said Mr. Holliday. For centuries, St. Augustine and other scholars thought it sinful because they could not restrain their admiration of the poems of Virgil. Now Christian people are able to lay aside the religious significance of the ancient classics and to admire them simply on aesthetic principles."

President Richardson announced a change in the program for today's and tomorrow's class exercises. The graduate students of the school gave a "get-acquainted tea," from 3 until 5:30 o'clock this afternoon to which all of the students of the Normal were invited.

At 8 o'clock this evening the annual class play will be held, the students presenting, "The Lion and the Mouse." Tomorrow morning the annual commencement exercises will be in order. In the afternoon the women will meet with Miss Hettie Anthony to discuss plans for keeping up the Red Cross work and the men will meet with Walter Hanson and George Palfreyman, athletic instructors, to form drill units. At 6 o'clock the annual Alumni banquet and meeting will be held.

E. G. Orear and John Aley returned last night from Joplin, Mo., where they attended the U. C. T. annual meeting.

NATIONAL WASTE

REV. COX SCORES U. S. FOR ALLOWING ALCOHOL MANUFACTURE.

URGES SAVING OF FOOD

Explains Why England Permits Liquor Making in Face of National Famine.

"All food waste can't be laid to careless housekeepers," said the Rev. Gilbert S. Cox in a patriotic sermon on "War and Waste," given at the First Methodist church last night.

"The National housekeepers have wasted more by allowing saloons to do business during war times," said Mr. Cox. "The food stuffs made into alcohol every year would make 12,000,000 loaves of bread daily and would feed 7,500,000 persons every year.

"In England it is the same thing. Enough food is wasted in the British Isles in the manufacture of liquor than would be used in feeding the whole army during the war, and although there are not enough men outside of the army in England to do the work, it would take 1,000 trains a day hauling 200 tons each to move this output of alcohol.

"The King of England, Premier Lloyd George and Lord Kitchner, are all against the manufacture of liquor at this time, but the English parliament has betrayed the government in this time of crisis.

"The present indications are that England will buy up the breweries and nationalize the drink traffic," continued Mr. Cox. "We would protest against one dollar of our loan to England for the equipment of armies and the prosecution of the war being used for such a purpose. Theodore Roosevelt recently warned this government against the waste brought about by the saloon. Former President Taft has arranged the first dry commencement at Yale. All great statesmen realize the necessity of eliminating this form of waste of our food stuffs.

"A man cannot live by bread alone. Neither can the war be won by bread alone. We must conserve the world waste for the armies in the field and for the nations who are supporting the war.

"It was the business of Jesus Christ to conserve the waste in human possibilities. He transformed a fisherman into the leader of His church, and the church has brought to the front other men from Peter's day down, who were wasting the abilities of leadership. This is the duty of the church in this war—conserving the leadership of individuals, emphasizing unselfishness, and keeping down greed.

"The Americans have gained a reputation for being extravagant. And while all Americans are not, it must be admitted that there has been a general carelessness in the methods of mining, in the conservation of forests and other natural resources.

"In the pressure of war, when there is a call for money and food, this extravagance and carelessness becomes criminal.

"It is estimated that the housewives of the country throw away $12,000,000 of food each year. The motto, "Preserve or Perish," makes us think in the face of these conditions."

CHINESE REPUBLIC FALLS

Nears Complete Collapse As Result of Continued Unrest — Dictatorship Established.

Special to The Democrat-Forum.

Tsin Tsin, June 4.—After less than six years of existence a complete collapse today menaces the Republican form of government in China. A military dictatorship has been established and President Li Yuan Hung is virtually a prisoner.

Pekin, June 4.—Two more provinces have seceded bringing the number up to eleven. The army split into factions under powerful military leadership.

RECORD RAIN FALL TODAY

2.48 Inches Fell in Less Than Three Hours — High Water All Over the County.

The record rainfall of the season fell this morning when 2.48 inches fell in about two and one half hours. The storm began shortly after 8 o'clock and was accompanied by gusts of wind, thunder and lightning. Twice during the storm the rain was changed to hail, but at neither time did hail fall long enough to do any damage.

The county towns all reported heavy rains and increased high water. At Pickering, Ravenwood, Hopkins and Arkoe, particularly heavy rains were reported. The river has left its banks in many places and floods are feared.

The Platte river near Ravenwood had risen three to four feet and the 102 River in this vicinity is rising fast.

Arkoe farmers on the lowland are in danger of overflow on account of the water from the drainage ditch and the 102 river. Farmers along the line of the drainage ditch recently completed, attribute their safe crops to the ditch which holds the surplus water. It is thought that the ditch will help stave off any floods in that section of the county.

AUDREY FLANNIGAN HURT

Parnell Boy Injured When Clothes Catch On Gate Over Which He Tried to Jump.

Audrey Flannigan, the 17-year-old son of Mr. and Mrs. Joseph Flannigan of Parnell was seriously injured yesterday when visiting at the Levi Lyle farm about five miles south of Parnell. In an attempt to jump over a gate, the boy's clothes caught on a wire and as he fell backward he hit his head on a cement walk. He was taken to the house and a physician was called. An operation was performed and a piece of bone was removed from his skull.

Flannigan has not yet regained consciousness, and concussion of the brain is feared.

DECISION IS AFFIRMED

Supreme Court Sustains Lower Court in Road Case of Borchers Versus Brewer.

Shinabargar, Blagg & Ellison received word today that the Supreme Court had affirmed the decision of the lower court here and for Joseph Brewer in the case of James Borchers vs. Joseph Brewer. This case came from Andrew county and was tried here before Judge Ellison five years ago. It was a suit over a public road which was opened by Brewer on his own land and which continued as a public road for ten years. The road was closed up by Brewer and Borchers was charged with chopping down the fence and trying to keep the road open. Borchers brought an injunction suit against Brewer to restrain him from closing the road. Judge Ellison refused to grant the injunction. The case was then appealed to the Kansas City Court of Appeals and finally transferred to the Supreme court about four years ago.

Cook, Cummins & Dawson of Maryville and Hine & Cross of Savannah were the attorneys for Borchers, and Shinabargar, Blagg & Ellison of this city and P. C. Breit and J. D. Roberts of Savannah represented Brewer.

BAND BOYS MAKE "HIT"

Trip to St. Joseph Saturday May Make Possible A "Maryville Day," in That City.

A number of recruits for the Fourth Regiment, the possibility of a "Maryville Day," at St. Joseph next Sunday, and of the employment of the band to give concerts every Sunday at Lake Contrary, were some of the results of the trip made by the Fourth Regiment band to St. Joseph Saturday. The band returned to Maryville last night and give a short concert on the square before dispersing.

The boys arrived in St. Joseph over the Great Western shortly after noon Saturday, and gave two dress parades, one Saturday evening and one Sunday morning. They gave a concert at Lake Contrary yesterday afternoon and their playing was favorably commented upon by crowds who heard them. The management is considering the proposition of having the band to come to St. Joseph every Sunday to give a concert.

The St. Joseph Commerce club will take up the proposition of having a Maryville Day" next Sunday. The plans have not been made but it is supposed that the band will be invited to play in St. Joseph and that Maryvilleites will also be invited to spend the day in the city.

The following recruits were obtained by Sergeant G. E. Porter, who is here for the Fourth Regiment: Frank A. Carter of Barnard, who will join Company A at Tarkio; Rex Colwell and Emery Dodge of Burlington Junction who will also join the Tarkio company; Callip J. Maffitt of Barnard as cook with the headquarters company of the Fourth.

DUBINSKY COMPANY HERE

Will Open Week's Engagement Tonight With 4-Act Comedy-Drama.

The well-known and popular Dubinsky Brothers Stock company are here, coming directly from their recent big St. Joseph success at the Tootle theatre, having run there continuously since last August.

Ed and Barney brought the company in last night with the big Tent Theatre De Luxe and will open this week's engagement tonight on the Kelly lot, rain or shine, as the tent is absolutely waterproof.

The opening play, a beautiful four-act comedy-drama, "What Every Woman Should Know," is augmented by six big vaudeville features and their own special orchestra.

Dubinsky Brothers are too well known in Maryville to need further introduction, and since they have been coming here, have built up a reputation of being the best stock organization on the road today, and a big reception awaits their opening tonight.

ABOUT A FORMER TEACHER

Clipping From Los Angeles Times A Tribute to Miss Alpha N. Bigley.

The following is a clipping from the Los Angeles Times, concerning Miss Alpha N. Bigley, a former instructor of the State Normal school in Maryville, who died in Los Angeles recently:

"No tribute of words will seem adequate to those who knew her. The quickness and breadth of her sympathies; the insight which searched out and generously credited the best in all she knew; the loyal tenacity with which she clung to and defended her generous estimate; the persistent working out of definite plans for the pleasure and welfare of those whose lives touched hers; her joyous appropriation of each common human pleasure; her delight in the out-of-doors, in art and in the best in prose and verse; all these traits will be recognized as distinctly part of her. She seemed always ready with the bit of verse that best expressed the joy of the moment; or the apology for a human frailty.

"She found in her work and her associates in the art department of the Los Angeles elementary schools a joy which she would have considered a wholly sufficient compensation for her best efforts.

"Her deep feeling of responsibility for her part in making the work of the art department a vital force for the refining and uplifting of the spirit placed her in the ranks of the missionaries, and no missionary could exceed her in untiring zeal."

You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, have been temporarily relieved, and then wondered a short time after, why you were troubled with another attack of catarrh.

You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift Specific Co. S. S. S., which was discovered over fifty years ago, will cleanse your blood of the catarrhal poisons and will thereby relieve you of the dripping in your throat, the sores in your nostrils, spitting, hawking and bad breath.

All druggists carry S. S. S., and the physicians of our Medical Department will cheerfully answer any letters which you may write them in regard to your case. Swift Specific Co., 305 Swift Building, Atlanta, Ga.

NOTICE TO REGISTRARS

Answer to Question Number 12 On Registration Card Necessitates Change In Instructions.

The following communication has been received by Sheriff John F. Dowden, from Jefferson City and contains the instructions to registrars concerning question Number 12 on the registration card:

"The fact that it has been ruled that the answer to question No. 12 on registration cards is not obligatory, makes necessary a change in the manner of filling columns 4 and 11 of the registrar's summarization blank. Make the following changes in your registration regulations:

"Strike out the second sentence of the paragraph at the top of page 22 headed column 4, and substitute the following:

"Deal out all the cards on which the answer to question 12 indicates a claim of exemption on any ground.

"Then substitute for the words, 'occupational exemption,' in the last two lines of page 21 the following words: 'physical disability.'

"Change the headings of column 4 and 11 on the summarization blank, form 2, to read as follows: 'Possible exemption not indicated in columns 1, 2 and 3.'

"See that these changes are communicated to registrars before registration day."

TRAINS CAN'T RUN

BURLINGTON DISCONTINUES SERVICE BECAUSE OF WASHOUTS.

THE RAIN WAS GENERAL

Wabash Fares Better and Will Continue Trains Unless Water Goes Higher.

Train service on the Burlington today has been abandoned on account of the many washouts on the railroad between Rosendale and Conway. The noon Burlington train got as far as Rosendale this morning. The freight due here at noon from the north got as far as Hopkins.

W. E. Goforth, agent of the Burlington, said there would probably be no trains on the Burlington tomorrow. Mr. Goforth has received reports from other stations as to the track conditions. At Conway, the track is washed out and a bridge was moved out of line by the water. Four hundred feet of track was washed out between Pickering and Hopkins and there are also two places between Maryville and Pickering where the track is covered with water. From Maryville to Arkoe about two miles south of here, the water is running over the track, and also between Arkoe and Barnard. Between Bolckow and Rosendale the same track that was washed out Saturday morning was washed away.

Two work trains and 100 cars of cinders are in use today in restoring the tracks. A very heavy rain was reported around Hopkins and Pickering.

The new drainage ditch with the river is causing a great deal of overflow at Arkoe.

The rain was general from Creston to St. Joseph and as far east as Pattonsburg.

The Wabash trains are running a little late. A little water is over the track east of the 102 river bridge but passenger train No. 12 passed through. The Grand river at Pattonsburg is out and is doing considerable damage in that section.

Reports from the stations on the Wabash were that their trains would not have to be discontinued unless there was a greater rise of water.

His children are: Stella, living at home, Jim Galbraith of Bedison, Ed Galbraith of Kansas and Charles Galbraith of St. Joseph.

THE GERMAN SPY SYSTEM

Arrest of Three Men May Reveal How Departure of American Fleet Was Known to Berlin.

Special to The Democrat-Forum.

New York, June 4.—Disclosures revealing the whole German spy organization in the United States may follow the arraignment today of three men arrested yesterday, who were purported to be federal agents.

A great mystery surrounds the three men, and whether the arrests will result in investigations to determine how Germany secured information regarding the departure of the American fleet, the officials refuse to say.

Mrs. Roy Collins and baby son left Saturday afternoon for their home in Springfield.

ADVISES GRADUATES

"MAKE YOURSELF MASTER OF CIRCUMSTANCE," SAYS MR. HOLLIDAY

A CHANGE IN PROGRAM

President Richardson Announces "Get Acquainted" Tea for This Afternoon—Crowd Hears Sermon.

"Don't think yourself the victim of circumstance, but make yourself the master of circumstance," was the advice given to the graduating class of the State Normal school yesterday afternoon by the Rev. R. C. Holliday, who preached the baccalaureate sermon. A large crowd attended the exercises.

The invocation was made by the Rev. C. Emerson Miller, pastor of the First Christian church. The Rev. T. H. Wiles, pastor of the First Baptist church, gave the Scripture reading, and Dr. S. A. Coile, pastor of the First Presbyterian church, pronounced the benediction.

A women's chorus, under the direction of Prof. H. B. Schuler, furnished the music.

The Rev. Mr. Holliday urged the graduates to endeavor to possess and make a part of themselves all of the great and beautiful things of life by reason of the fact that they claimed brotherhood with Christ.

"Pagan literature was the greatest example of the realization of this command of St. Paul's," said Mr. Holliday. For centuries, St. Augustine and other scholars thought it sinful because they could not restrain their admiration of the poems of Virgil. Now Christian people are able to lay aside the religious significance of the ancient classics and to admire them simply on aesthetic principles."

President Richardson announced a change in the program for today's and tomorrow's class exercises. The graduate students of the school gave a "get-acquainted tea," from 3 until 5:30 o'clock this afternoon to which all of the students of the Normal were invited.

At 8 o'clock this evening the annual class play will be held, the students presenting, "The Lion and the Mouse." Tomorrow morning the annual commencement exercises will be in order. In the afternoon the women will meet with Miss Hettie Anthony to discuss plans for keeping up the Red Cross work and the men will meet with Walter Hanson and George Palfreyman, athletic instructors, to form drill units. At 6 o'clock the annual Alumni banquet and meeting will be held.

E. G. Orear and John Aley returned last night from Joplin, Mo., where they attended the U. C. T. annual meeting.

NATIONAL WASTE

REV. COX SCORES U. S. FOR ALLOWING ALCOHOL MANUFACTURE.

URGES SAVING OF FOOD

Explains Why England Permits Liquor Making in Face of National Famine.

"All food waste can't be laid to careless housekeepers," said the Rev. Gilbert S. Cox in a patriotic sermon on "War and Waste," given at the First Methodist church last night.

"The National housekeepers have wasted more by allowing saloons to do business during war times," said Mr. Cox. "The food stuffs made into alcohol every year would make 12,000,000 loaves of bread daily and would feed 7,500,000 persons every year.

"In England it is the same thing. Enough food is wasted in the British Isles in the manufacture of liquor than would be used in feeding the whole army during the war, and although there are not enough men outside of the army in England to do the work, it would take 1,000 trains a day hauling 200 tons each to move this output of alcohol.

"The King of England, Premier Lloyd George and Lord Kitchner, are all against the manufacture of liquor at this time, but the English parliament has betrayed the government in this time of crisis.

"The present indications are that England will buy up the breweries and nationalize the drink traffic," continued Mr. Cox. "We would protest against one dollar of our loan to England for the equipment of armies and the prosecution of the war being used for such a purpose. Theodore Roosevelt recently warned this government against the waste brought about by the saloon. Former President Taft has arranged the first dry commencement at Yale. All great statesmen realize the necessity of eliminating this form of waste of our food stuffs.

"A man cannot live by bread alone. Neither can the war be won by bread alone. We must conserve the world waste for the armies in the field and for the nations who are supporting the war.

"It was the business of Jesus Christ to conserve the waste in human possibilities He transformed a fisherman into the leader of His church, and the church has brought to the front other men from Peter's day down, who were wasting the abilities of leadership. This is the duty of the church in this war—conserving the leadership of individuals, emphasizing unselfishness, and keeping down greed.

"The Americans have gained a reputation for being extravagant. And while all Americans are not, it must be admitted that there has been a general carelessness in the methods of mining, in the conservation of forests and other natural resources.

"In the pressure of war, when there is a call for money and food, this extravagance and carelessness becomes criminal.

"It is estimated that the housewives of the country throw away $12,000,000 of food each year. The motto, "Preserve or Perish," makes us think in the face of these conditions."

RECORD RAIN FALL TODAY

2.48 Inches Fell in Less Than Three Hours — High Water All Over the County.

The record rainfall of the season fell this morning when 2.48 inches fell in about two and one half hours. The storm began shortly after 8 o'clock and was accompanied by gusts of wind, thunder and lightning. Twice during the storm the rain was changed to hail, but at neither time did hail fall long enough to do any damage.

The county towns all reported heavy rains and increased high water. At Pickering, Ravenwood, Hopkins and Arkoe, particularly heavy rains were reported. The river has left its banks in many places and floods are feared.

The Platte river near Ravenwood had risen three to four feet and the 102 River in this vicinity is rising fast.

Arkoe farmers on the lowland are in danger of overflow on account of the water from the drainage ditch and the 102 river. Farmers along the line of the drainage ditch recently completed, attribute their safe crops to the ditch which holds the surplus water. It is thought that the ditch will help stave off any floods in that section of the county.

AUDREY FLANNIGAN HURT

Flannigan has not yet regained consciousness, and concussion of the brain is feared.

DECISION IS AFFIRMED

Supreme Court Sustains Lower Court In Road Case of Borchers Versus Brewer.

Shinabargar, Blagg & Ellison received word today that the Supreme Court had affirmed the decision of the lower court here and for Joseph Brewer in the case of James Borchers vs. Joseph Brewer. This case came from Andrew county and was tried here before Judge Ellison five years ago. It was a suit over a public road which was opened by Brewer on his own land and which continued as a public road for ten years. The road was closed up by Brewer and Borchers was charged with chopping down the fence and trying to keep the road open Borchers brought an injunction suit against Brewer to restrain him from closing the road. Judge Ellisen refused to grant the injunction. The case was then appealed to the Kansas City Court of Appeals and finally transferred to the Supreme court about four years ago.

Cook, Cummins & Dawson of Maryville and Hine & Cross of Savannah were the attorneys for Borchers, and Shinabargar, Blagg & Ellison of this city and P. C. Brelt and J. D. Roberts of Savannah represented Brewer.

BAND BOYS MAKE "HIT"

Trip to St. Joseph Saturday May Make Possible A "Maryville Day," in That City.

A number of recruits for the Fourth Regiment, the possibility of a "Maryville Day," at St. Joseph next Sunday, and of the employment of the band to give concerts every Sunday at Lake Contrary, were some of the results of the trip made by the Fourth Regiment band to St. Joseph Saturday. The band returned to Maryville last night and give a short concert on the square before dispersing.

The boys arrived in St. Joseph over the Great Western shortly after noon Saturday, and gave two dress parades, one Saturday evening and one Sunday morning. They gave a concert at Lake Contrary yesterday afternoon and their playing was favorably commented upon by crowds who heard them. The management is considering the proposition of having the band to come to St. Joseph every Sunday to give a concert.

The St. Joseph Commerce club will take up the proposition of having a Maryville Day" next Sunday. The plans have not been made but it is supposed that the band will be invited to play in St. Joseph and that Maryvilleites will also be invited to spend the day in the city.

The following recruits were obtained by Sergeant G. E. Porter, who is here for the Fourth Regiment: Frank A. Carter of Barnard, who will join Company A at Tarkio; Rex Colwell and Emery Dodge of Burlington Junction who will also join the Tarkio company; Callip J. Maffitt of Barnard as cook with the headquarters company of the Fourth.

DUBINSKY COMPANY HERE

Will Open Week's Engagement Tonight With 4-Act Comedy-Drama.

The well-known and popular Dubinsky Brothers Stock company are here, coming directly from their recent big St. Joseph success at the Tootle theatre, having run there continuously since last August.

Ed and Barney brought the company in last night with the big Tent Theatre De Luxe and will open this week's engagement tonight on the Kelly lot, rain or shine, as the tent is absolutely waterproof.

The opening play, a beautiful four-act comedy-drama, "What Every Woman Should Know," is augmented by six big vaudeville features and their own special orchestra.

Dubinsky Brothers are too well known in Maryville to need further introduction, and since they have been coming here, have built up a reputation of being the best stock organization on the road today, and a big reception awaits their opening tonight.

ABOUT A FORMER TEACHER

Clipping From Los Angeles Times A Tribute to Miss Alpha N. Bigley.

The following is a clipping from the Los Angeles Times, concerning Miss Alpha N. Bigley, a former instructor of the State Normal school in Maryville, who died in Los Angeles recently:

"No tribute of words will seem adequate to those who knew her. The quickness and breadth of her sympathies; the insight which searched out and generously credited the best in all she knew; the loyal tenacity with which she clung to and defended her generous estimate; the persistent working out of definite plans for the pleasure and welfare of those whose lives touched hers; her joyous appropriation of each common human pleasure; her delight in the out-of-doors, in art and in the best in prose and verse; all these traits will be recognized as distinctly part of her. She seemed always ready with the bit of verse that best expressed the joy of the moment; or the apology for a human frailty.

"She found in her work and her associates in the art department of the Los Angeles elementary schools a joy which she would have considered a wholly sufficient compensation for her best efforts.

"Her deep feeling of responsibility for her part in making the work of the art department a vital force for the refining and uplifting of the spirit placed her in the ranks of the missionaries, and no missionary could exceed her in untiring zeal."

You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, have been temporarily relieved, and then wondered a short time after, why you were troubled with another attack of catarrh.

You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift Specific Co. S. S. S., which was discovered over fifty years ago, will cleanse your blood of the catarrhal poisons and will thereby relieve you of the dripping in your throat, the sores in your nostrils, spitting, hawking and bad breath.

All druggists carry S. S. S., and the physicians of our Medical Department will cheerfully answer any letters which you may write them in regard to your case. Swift Specific Co., 305 Swift Building, Atlanta, Ga.
